IN THE INDUSTRY

YOUR PASSION FUELS OURS.

Discover the ShoreMaster difference.

For nearly three decades ShoreMaster has offered the broadest line of waterfront equipment in the industry through Hammond Lumber Company. There is no one style of dock or lift that fits every situation.

Let Hammond Lumber Company match you with the right equipment for your waterfront. We pride ourselves on providing safe, dependable products that are easy to use and are as beautiful as your lake home. Our docks and boat lifts are built with quality aluminum that is maintenance free so you can relax and enjoy your time at the lake for years to come.

INFINITYTRACK™ DOCK ACCESSORIES

SPECIFICATIONS

CHOOSING THE RIGHT PRODUCT HAS NEVER BEEN SO EASY.

INFINITY FRAME CONNECTIONS

All Infinity dock models feature the Infinity Dock Connection System, which allows for dock sections to be connected together anywhere along the dock's perimeter using a simple connection bracket and T-handle. Initial installation and seasonal reconfigurability are quick, easy, and hassle-free.

5-SIDED DOCK LEG & 18" LEG POCKET

5-Sided Dock legs provide three points of contact (versus two points offered by most other systems) for superior stability and performance. 18" leg pockets allow for maximum adaptability to fluctuating water levels as well as providing unmatched stability and the ability for dock legs to sit flush with the dock surface for an unobstructed dock system.

PRECISION WELDED CONSTRUCTION

Lightweight aluminum welded construction all provide for the quick, easy installation of your sectional dock system. The Infinity Dock System was developed to be the most versatile, durable, and user-friendly system on the market.

DECKING OPTIONS

When you envision your perfect dock, you'll always come back to the style and color of decking you want. That's why you'll find more decking options with ShoreMaster than you'll find anywhere else. Love the feel of natural wood on your bare feet? Or are you simply looking for the perfect maintenance free solution? No matter what you're searching for, you'll find your perfect decking with one of the eight premium options available from ShoreMaster.

NATURAL WOOD:

- Incense Cedar
- Hardwood IPE

MAINTENANCE FREE:

- Aluminum
- Glacier
- Vertex

REMOVABLE PANELS

ShoreMaster dock systems feature removable decking panels, but why?

First, we build the strength of our dock systems into the frame sections themselves. We do not rely on the decking attachment to provide the system its strength. Second, it's better for the owners of our systems. It provides you options and makes installation, removal, upkeep and upgrades so much easier.

Why choose a removable deck panel system?

- Panels can be removed for installation/removal, making sections lighter and easier to carry and install.
- Opportunity to upgrade the look of your system without replacing frame sections.
- Easily replace individual panels if necessary - no need to replace an entire dock section.
- Trust that the integrity and strength of your system is built into the frame itself.

DECKING OPTIONS

CHOOSE FROM THE MOST DECKING OPTIONS OF THE INDUSTRY

INCENSE CEDAR

CLASSIC | NATURAL | WARM

When you select natural Incense Cedar wood decking for your dock system, you want the material to be of the highest quality. We source Incense Cedar boards that contain more heartwood so you get decking that will last longer and look great, with minimal maintenance. Nothing feels better on your bare feet than the soft, natural beauty of Incense Cedar decking from ShoreMaster.

HARDWOOD IPE

LUXURIOUS | DURABLE | NATURAL | LOW MAINTENANCE

You want real wood decking with low maintenance requirements. Hardwood IPE decking from ShoreMaster adds stability to your dock system because its density adds additional weight to the overall dock system. IPE decking feels firm and stable under foot and its natural oils resist warping, insects and decay to provide you with a natural wood decking option that's remarkably low maintenance.

TRADITIONAL WOODGRAIN ALUMINUM

MAINTENANCE FREE | POWDER COATED | DURABLE

You want all of the natural beauty of real wood decking, but you need it to be maintenance free. Woodgrain aluminum decking gives just that. Woodgrain powder coated aluminum decking won't rot, twist, warp or decay, so your dock will look like new year after year. Get all of the benefits of natural wood, without the hassle of annual wood decking maintenance.

GRAY OAK WOODGRAIN ALUMINUM

MAINTENANCE FREE | POWDER COATED | DURABLE

Add timeless beauty and durability to your dock system with our Gray Oak woodgrain aluminum decking. Utilizing an Italian process paint application, our woodgrain decking features a non-repeating pattern so you get the uniqueness and natural appearance of wood without all the maintenance and hassle. Plus, the treaded surface provides you with a safe, cool to the touch decking option that's as comfortable as it is beautiful.

DECKING OPTIONS

MORE CHOICES. PREMIUM OPTIONS.

PLAIN ALUMINUM

MAINTENANCE FREE | DURABLE | WORK READY

Whether you plan to use your dock for serious work or serious enjoyment, you'll be glad you chose the ultimate in maintenance free decking. Plain aluminum decking from ShoreMaster offers a lightweight, maintenance free, incredibly durable dock surface that is perfect for work or play.

WHITE ALUMINUM

POWDER COATED | MAINTENANCE FREE | DURABLE | STAYS COOL

Add years of worry free, maintenance free enjoyment to your lake living experience with ShoreMaster's white aluminum panels. Powder coated in brilliant white, you'll get a clean, modern looking surface that stays cool to the touch even on warm summer days. The treaded surface provides you with a safe decking option that's as comfortable as it is beautiful.

TAN ALUMINUM

POWDER COATED | MAINTENANCE FREE | DURABLE | STAYS COOL

ShoreMaster's Tan Aluminum decking is among our most popular aluminum decking options as it provides a safe, comfortable decking surface. Powder coated in natural tan, you get an attractive decking option to complement your waterfront property. Tan aluminum decking features a treaded surface and stays cool to the touch, so your family can truly enjoy every summer day on your dock.

DECKING OPTIONS

MORE CHOICES. PREMIUM OPTIONS.

VERTEX™ (TAN OR GRAY)

SHOREMASTER EXCLUSIVE | MAINTENANCE FREE | SLIP RESISTANT

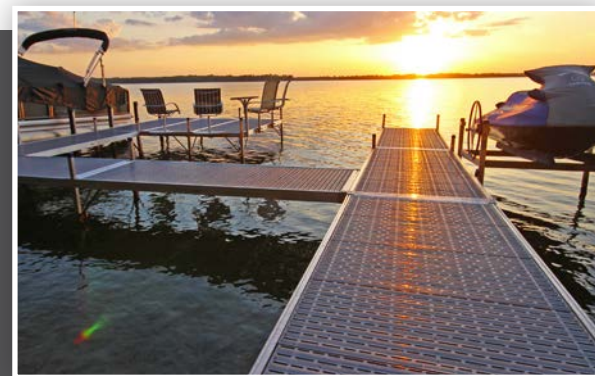

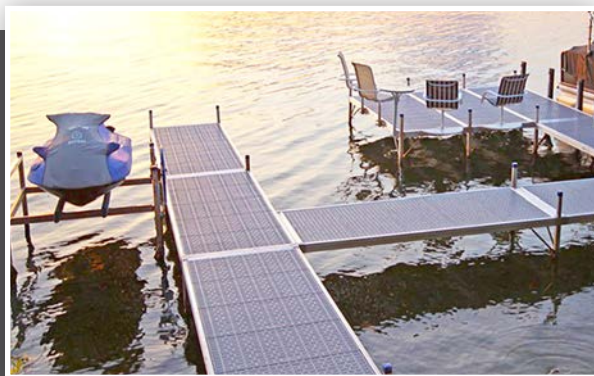

If you want a maintenance free decking option that is truly unique, you want the ShoreMaster exclusive Vertex™ decking. With a flagstone pattern, Vertex™ feels smooth on bare feet, looks great, and is incredibly slip resistant. Once you've walked on Vertex™ decking, you won't want anything else for your family.

GLACIER (TAN OR GRAY)

LIGHT WEIGHT | MAINTENANCE FREE | SLIP RESISTANT

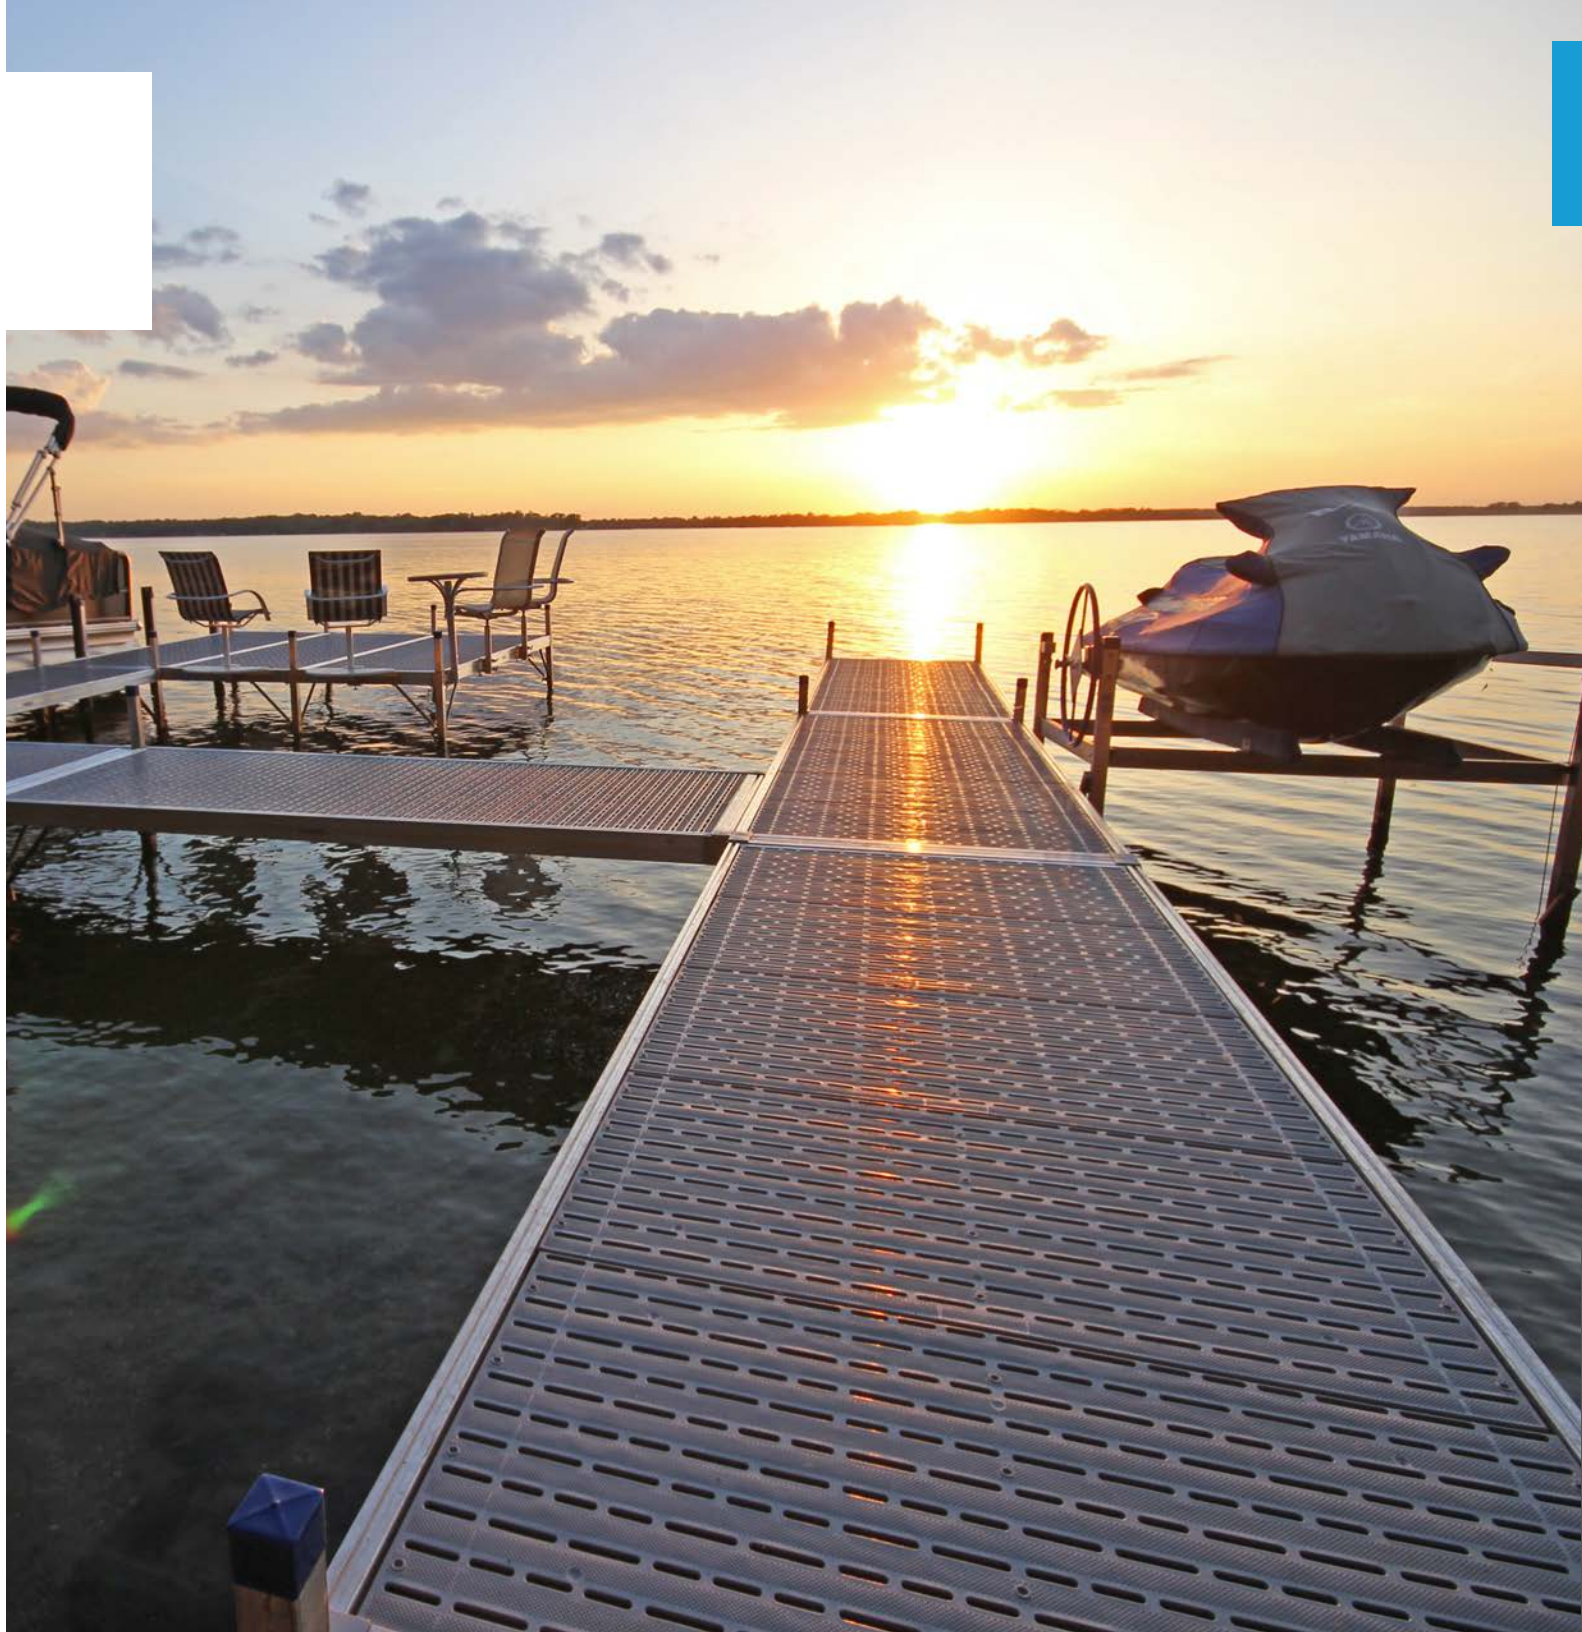

Glacier Decking is one of the easiest decking options to own because the open concept of the design will not collect dirt and debris. This allows it to dry faster and stay clean longer. You'll be able to enjoy a great looking dock system without any of the decking maintenance and cleaning. Glacier Decking is easy on your feet, and its slip resistant surface allows you to safely and comfortably enjoy time spent on your dock.

DOCKS

Take your waterfront experience to the next level with the convenience, safety and quality you can only find with a ShoreMaster aluminum dock system. Extremely lightweight yet remarkably stable, each dock can be configured to meet virtually any desired layout and look.

Docks, decking, accessories and lifts all work seamlessly together to make it easier for you to get out on the water today – and keep you returning for countless tomorrows.

options

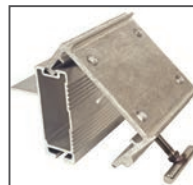

INFINITY TRACK™ PIVOT LADDER

Crafted with alloy aluminum construction and available in 3, 4 and 5-step, the Infinity Track™ Pivot Ladder will enhance the use of your waterfront.

INFINITY TRACK™ SYSTEM

Allows for easy, no-tool attachment and movement of accessories, including off deck benches, vertical bumpers, steps and more.

INFINITY TRACK QUICK STEPS

Quick Steps provide safe, stable access to the water. A wider width & step tread means more stability at the waterfront. Available in 4 or 6-steps.

DOCK STEPS WITH HANDRAIL

For swimming and safety, ShoreMaster steps are essential. They are available in 4 and 6-step versions and feature marine alloy aluminum construction with stainless steel hardware. Made to fit most styles of stationary dock and wheel-in dock.

options

DIAGONAL DEEP WATER BRACE

The easy installation will add support to your dock increasing its stability. For deep water applications (5' or greater).

5-SIDED DOCK LEGS™

ShoreMaster's 5-Sided Dock Legs™ provide three points of contact for unmatched dock stability and safety. The T-handle adjustment system means no tools are necessary to make height modifications.

INFINITY TRACK™ DOCK FURNITURE

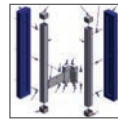

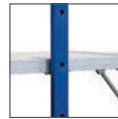

Relax on your dock in style. The Infinity Track™ Dock Furniture comes with 2 chairs, a table, and an umbrella.

INFINITY TRACK™ ROPE CLEAT

Provides a convenient tie-up for visiting boats and can be positioned anywhere along your dock with Infinity Track™.

DOCK BUMPERS

Provide additional protection for your boat and swimmers. The Infinity Track™ Vertical Dock Bumper is aluminum channeled with a vinyl surface and adjustable to help prevent your boat from going over or under your dock. Three types of bumpers are available, including 10' dock bumpers, corner dock bumpers, and vertical dock bumpers.

TURN YOUR INFINITY RS4 DOCK INTO SOMETHING TRULY UNIQUE.

To get a new twist on waterfront fun, throw a curve or two into your dock. With our curved sections, you can create all kinds of exciting new shapes, directions and even round platforms. With the same decking options as the Infinity RS4 Dock, these curves fit right in.

1/4 ROUND - 90 DEGREE

Put your imagination to the test for all sorts of interesting possibilities.

1/8 ROUND - 45 DEGREE

Like our 1/4 round sections, you can use 1/8 rounds with other curved or standard RS4 sections. Just imagine the fun you'll have when you get eight together for a 12' diameter platform.

INFINITY RS7 DOCK

STRONG. SOLID. HIGHLY CONFIGURABLE.

benefits

REMARKABLE STRENGTH

Industry leading 6.75" side rails provide remarkable strength and durability.

EASY CUSTOMIZATION

The Infinity Track™ accessory system makes it easy to install and remove accessories without tools.

EASY HEIGHT ADJUSTMENT

Screw legs allow you to easily adjust your dock height in minutes without getting in the water.

PREMIUM STABILITY

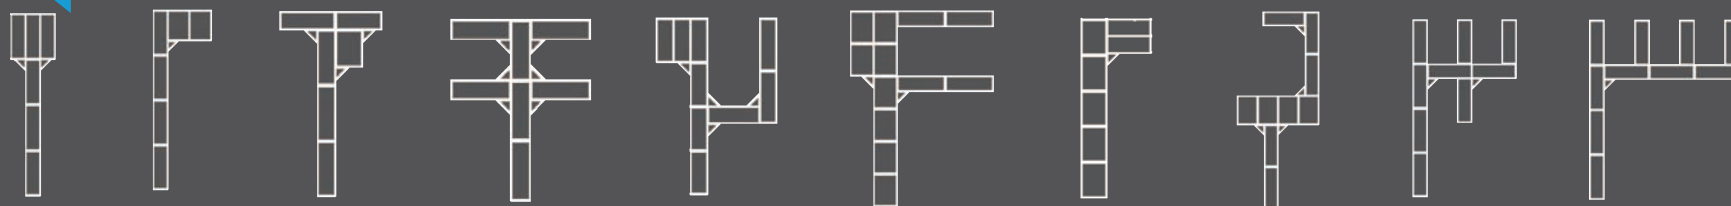

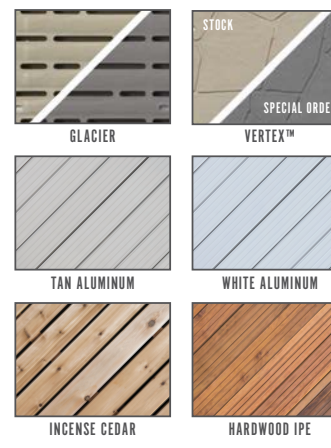

5-Sided Dock Legs™ provide three points of contact for unmatched dock stability and safety.

THE MOST DECKING OPTIONS

Achieve your desired look by choosing from ShoreMaster's 8 premium decking options including Cedar, Vertex™, Aluminum and more.

ENDLESS CONFIGURATIONS

for virtually unlimited layouts or designs.

options

DIAGONAL DEEP WATER BRACE

The easy installation will add support to your dock increasing its stability. For deep water applications (5' or greater).

DOCK STEPS WITH HANDRAIL

For swimming and safety, ShoreMaster steps are essential. They are available in 4 and 6-step versions and feature marine alloy aluminum construction with stainless steel hardware. Made to fit most styles of stationary dock and wheel-in dock.

INFINITY TRACK™ VERTICAL DOCK BUMPER

Provide additional protection for your boat & swimmers. The Infinity Track™ Vertical Dock Bumper is aluminum channeled with a vinyl surface and adjustable to help prevent your boat from going over or under your dock.

options

24" POLY TIRES

Our Poly Tires are self-draining to reduce weight when removing your dock from the water and to make off-season storage quick and easy. With rigid sidewalls, they won't deflate.

INFINITY TRACK™ SYSTEM

Allows for easy, no-tool attachment and movement of accessories, including off deck benches, vertical bumpers, steps and more.

INFINITY TRACK QUICK STEPS

Quick Steps provide safe, stable access to the water. A wider width & step tread means more stability at the waterfront, and are available in 4 or 6-steps.

INFINITY TRACK™ TOW HITCH

Convenient hitch hooks up to your tow vehicle for easy installation and removal.

INFINITY TRACK™ DOCK FURNITURE

Relax on your dock in style. The Infinity Track™ Dock Furniture comes with 2 chairs, a table, and an umbrella.

options

SHORESIDE PIVOT RAMP

Access your dock with ease with the 4' or 8' shoreside pivot ramp. Available with a variety of options to match your deck.

INFINITY TRACK™ LAKEVIEW BENCH

With the Infinity Track™ System, you can mount this bench anywhere on the dock. Add the optional armrest with beverage holder for extra comfort.

INFINITY TRACK™ CANOE & KAYAK RACK

Attach the Canoe & Kayak Rack with the Infinity Track™ System for easy installation.

PIVOTING QUICKSTEPS WITH HANDRAIL

EASY INSTALLATION. VERSATILE APPLICATION. ALL TERRAIN FUNCTIONALITY.

UNMATCHED VERSATILITY

Connect to your dock, using the included foot pads or simply pound leg posts into the ground. No matter your installation site the Quick Steps easily provide safe, stable access to the water.

PREMIUM PERFORMANCE

All aluminum construction, along with stainless steel and brass hardware, means our Quick Steps are corrosion and rust resistant, yet lightweight and easily assembled. Enjoy stable, premium performance for years to come.

INFINITY TRACK™ INSTALLATION

Easily connect to ShoreMaster's Infinity series (RS4, RS7, or TS9) dock sections using the Infinity Track Bracket. ShoreMaster's exclusive Infinity Track system means quick assembly and tool free installation.

WIDER WIDTH AND STEP TREAD

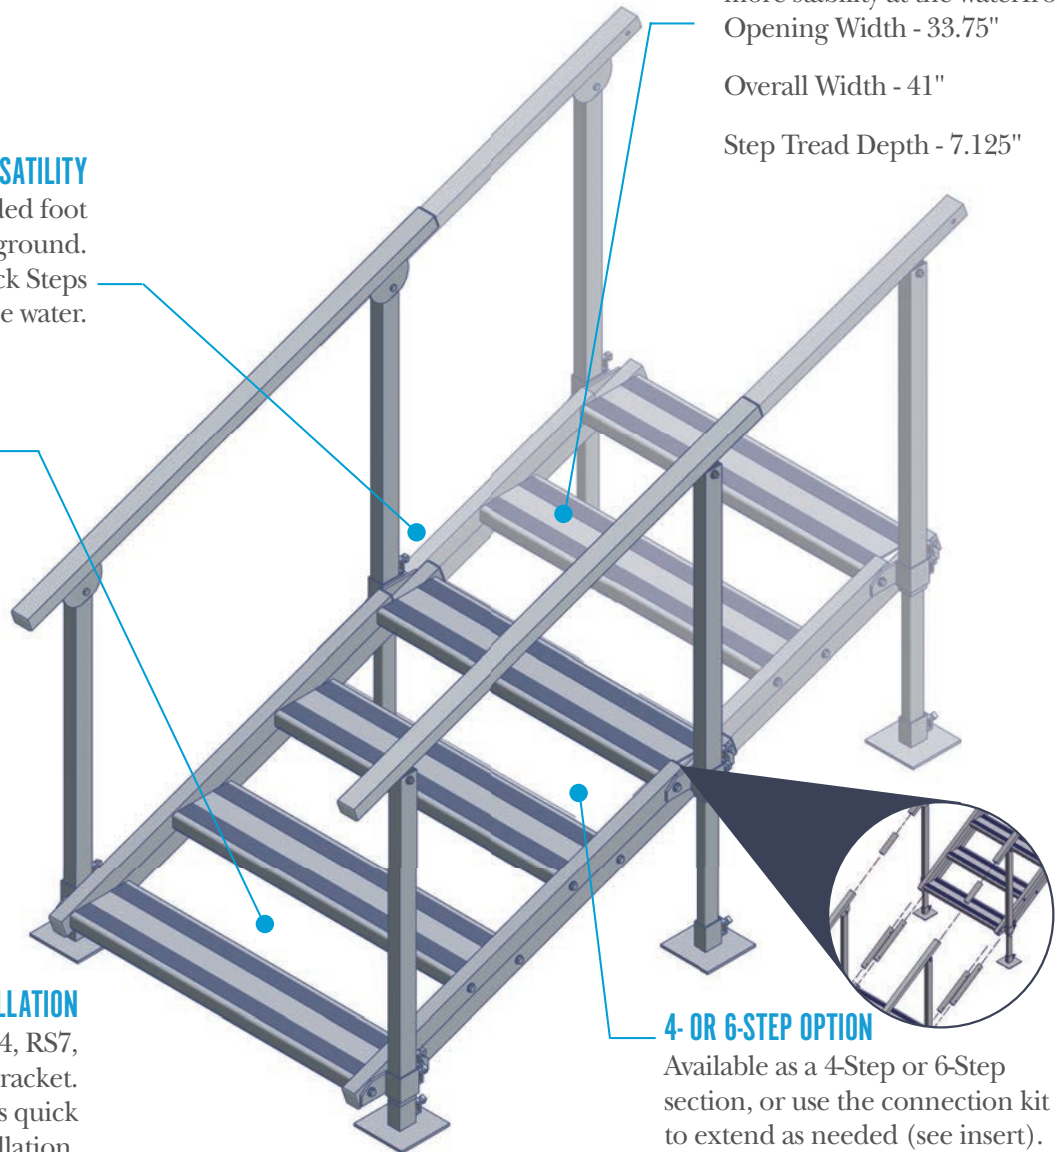

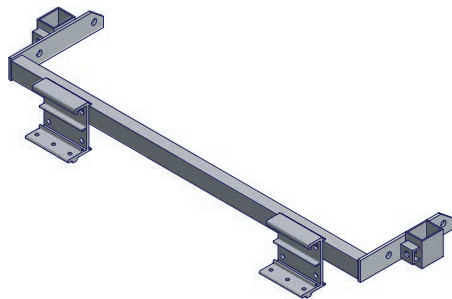

A wider width and step tread means more stability at the waterfront. Stairway Opening Width - 33.75"

Overall Width - 41"

Step Tread Depth - 7.125"

4- OR 6-STEP OPTION

Available as a 4-Step or 6-Step section, or use the connection kit to extend as needed (see insert).

INFINITY TRACK™ QUICK STEPS

THE MOST FUNCTIONAL, EASIEST TO USE DOCK STEPS AVAILABLE.

FLOATING POLYDOCK

LOW MAINTENANCE. HIGHLY VERSATILE.

benefits

MODULAR DESIGN

The Floating PolyDock is highly customizable and has a modular design with unlimited versatility.

SUPERIOR STRENGTH

Polyethylene single cavity, hollow, non-foam filled float structure that consists of an integrated deck surface and flotation.

REMARKABLE STABILITY

The recessed areas on the bottom of each PolyDock section help to provide stability between the dock and the surface of the water.

SHORELINE SUPPORT

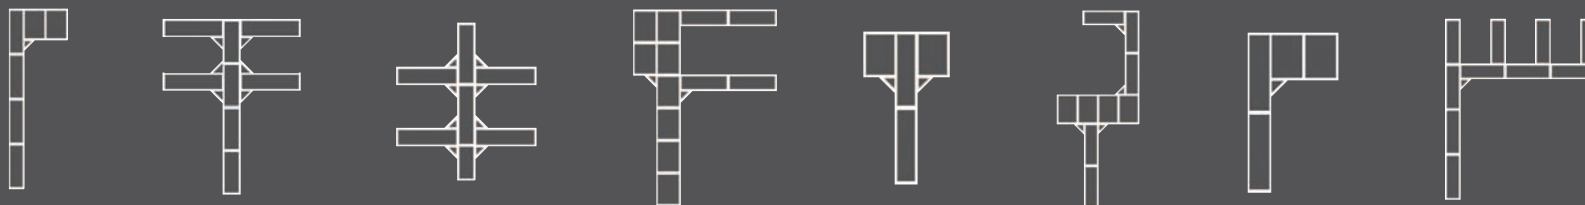

Offering a variety of anchoring options to suit just about any shoreline.

DECK SURFACE

The deck surface features a herringbone brick pattern. The spaces between each molded brick allow for water drainage from the deck surface.

ENDLESS CONFIGURATIONS

for virtually unlimited layouts or designs.

NEW!

KAYAK LAUNCH

Safely and easily dry launch your kayak or canoe. Guard rails make it easy to enter and exit the launch, and the kayak launch's three rollers make the transition between the water and the kayak launch super smooth.

DESIGNED FOR
EASE-OF-USE AND
CONNECTIVITY

features

FLEXI-HINGE

Designed to allow Shoreport™ to attach to most floating dock systems.

STAND-OFF / PIPE BRACKET

Designed to attach Shoreport™ to fixed and standing dock systems.

FRONT END CONNECTION

Easy clamp design allows for sturdy alternative attachment to ShoreMaster Shoreport™.

KEEL ROLLER

Our standard three roller system provides easy drive on and roll off launching. The clear non-marring poly rollers are adjustable to conform to any hull design.

EXTENDED STORAGE

8" cleat quickly and easily ties down your personal watercraft for safe and secure extended storage.

HYDROPORT EXTREME™

HYDROPORT EPIC™

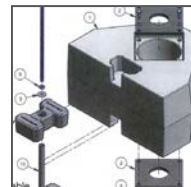

HARBORPORT™ EXTREME

Protect your craft and enjoy fast, convenient access to the water with the award-winning HP Extreme™ PWC docking platform, featuring an exclusive bow bumper to slow your craft's forward motion and provide a soft rest for the keel.

HARBORPORT™ EPIC

The HP EPIC™ has the widest anti-skid walkways in our HydroPort Series fleet of ports. The entry design has the easiest load and launch of any PWC docking platform on the market.

SEAMLESS INTEGRATION

Connect your HP Extreme™ models seamlessly.

POLYDOCK OPTION

PolyDock connecting kit used to connect the Epic/Extreme to a PolyDock. (Sold as singles. May require more than one kit depending on configuration.)

FREESTANDING OPTION

Large pipe brackets used to keep your Epic/Extreme floating in place. (Sold as singles. May require more than one kit depending on configuration.)

EXCEPTIONAL FLOTATION IN A SINGLE MOLD.

Whether you're replacing floats on your old floating dock or building a new floating dock system, you can't beat the exceptional value and quality of ShoreMaster Flotation. Our floats are rotationally molded for a seamless one piece construction that will remain watertight for years to come. The durable polyethylene shell contains UV inhibitors and carbon black pigment to protect against UV degradation.

POLYSTYRENE FOAM FILLED

Foam filled with expanded polystyrene beads to prevent loss of buoyancy due to puncture or damage to the outer shell. This meets the Hunt Absorption Test.

EXCEPTIONAL STRENGTH

Ribbed sidewalls provide greater strength and more uniform walls.

PREMIUM SUPPORT

Deeper mounting flange offers greater support in mounting areas.

PREMIUM DOCK FLOTATION. TRUSTED BY DOCK BUILDERS EVERYWHERE.

Dock builders and dock installers everywhere rely on RhinoFloat premium dock flotation to float their customers' floating dock systems because of their durability, impact resistance, and premium construction. With completely encapsulated expanded polystyrene foam interior, RhinoFloat can withstand even the harshest marine environment.

POLYSTYRENE FOAM FILLED

Foam filled with expanded polystyrene beads to prevent loss of buoyancy due to puncture or damage to the outer shell. This meets the Hunt Absorption Test.

"J" BOLT COMPATIBLE SLOTS

Quick and easy installation is provided by RhinoFloats "J" bolt compatible attachment slots. Slotted attachment locations allow the dock builder or installer to position the RhinoFloat nearly anywhere along the dock frame.

INFINITY TRACK™

THE EASIEST WAY TO CUSTOMIZE YOUR DOCK

A DOCK SYSTEM THAT EVOLVES WITH YOU.

COMPLETE CUSTOMIZATION

Imagine adding, removing, or reconfiguring your dock accessories at a moment's notice, and without the need for tools. When you choose a ShoreMaster dock system, you'll enjoy the convenience of Infinity Track accessories.

INFINITY TRACK BRACKET

After the initial setup, you will never need tools to adjust or reconfigure your dock accessories. You won't find an easier system anywhere else.

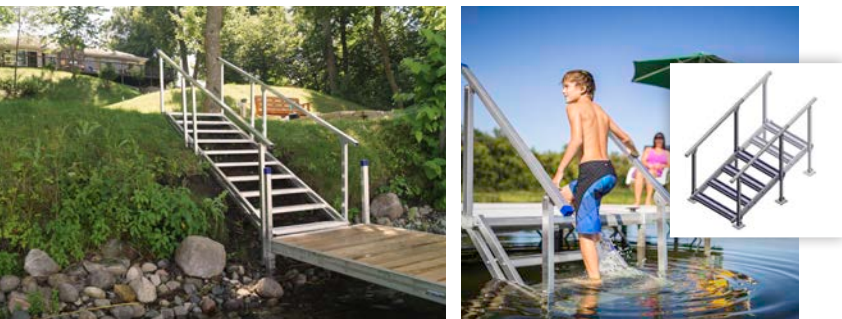

SHOREMASTER EXCLUSIVE

T-handle installation. No drilling. No holes. Change your mind at a moment's notice. Tool free reconfiguration and easy installation.

INFINITY TRACK™ ACCESSORIES

THE EASIEST WAY TO CUSTOMIZE YOUR DOCK.

QUICK STEPS

4- AND 6-STEP OPTIONS | PIVOTING ANGLE | TWO STYLES AVAILABLE | INFINITY TRACK

ShoreMaster's NEW Quick Steps feature a wider step, deep tread and can be used as dock steps or landscaping steps for the ultimate waterfront experience. Also available are our standard dock steps.

4- and 6-step options available in both styles.

QuickSteps feature 33.75" stair opening, 41" overall width, and 7.125" stair tread.

PIVOT LADDER

3-, 4-, AND 5-STEP OPTIONS | INFINITY TRACK

Get in and out of the water easily with ShoreMaster's Infinity Track Pivot Ladders. A vertical pivoting action and locking pin allows you to flip the ladder up when you're not using it, making it ideal for swimmers.

3-, 4-, and 5-step options available.

PADDLEBOARD/KAYAK RACK

SINGLE AND DOUBLE RACK OPTIONS | INFINITY TRACK

Store your paddleboard, kayak or canoe off of your dock with an accessory bracket that attaches to the outside perimeter of your dock at any location.

Single and double rack options available. Versatile design can accommodate nearly any watersport equipment including paddleboards, kayaks, and canoes.

INFINITY TRACK™ ACCESSORIES

THE EASIEST WAY TO CUSTOMIZE YOUR DOCK.

NEW! STAND-UP PADDLEBOARD RACK

EASY, SECURE BOARD & PADDLE STORAGE | INFINITY TRACK

Our SUP storage rack is the best way to store your Stand Up Paddleboards dockside so they are ready to ride whenever you are. The SUP Storage Rack is designed to fit any style of stand up paddle board, and the storage rack arms are vertically adjustable so you can store your SUP at the perfect height for you. With easy installation and seamless protection for our paddle boards we make it even more convenient for you to get out on your next paddling adventure.

DOCK BENCH

AVAILABLE WITH OR WITHOUT ARMRESTS | INFINITY TRACK

Add comfort and style to your dock system with a dock bench. Available with and without armrests, the Lakeview dock bench offers the perfect spot to enjoy a morning cup of coffee or an evening of relaxation on the water. Plus, with Infinity Track, your bench can attach anywhere on the dock system and move at a moment's notice - so you'll never miss a sunrise or sunset.

NEW! SOLAR DOCK LIGHTS

NO CORD OR WIRING | SOLAR POWERED | EASY INSTALL | 5 COLORS AVAILABLE

Set your Infinity Dock System aglow in the evening with solar paneled dock lights from ShoreMaster.

Mounted directly into the dock leg caps our dock lights are easy to install and offer an attractive and unobtrusive low profile – no tripping, no wasted dock space. A bright solar powered LED light provides an evening illumination without the hassle of cords or wires. Available in white, blue, amber, red or green.

HOMECREST OUTDOOR LIVING

SIT BACK AND RELAX, IT'S SUMMER.

KASHTON DOCK FURNITURE

(SPECIAL ORDER)

options

STABILITY. DESIGNED FOR TODAY'S PONTOONS.

ShoreMaster's Pontoon Lift has been designed to perfectly fit today's larger, more powerful, and more refined pontoon boats. With new pontoon specific accessories, you can be sure that your new pontoon will be protected by a ShoreMaster pontoon lift.

BOAT LIFT HANDRAIL

With the ShoreMaster lift handrail, it's easier to climb in and out of your lift system.

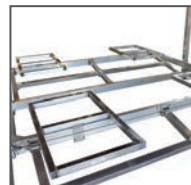

PONTOON RAIL KIT

Acts as both a lifting device as well as a centering guide.

PONTOON RACKS

All Pontoon Racks are aluminum construction and come as a set of four. They are designed to provide a surface for your pontoons to rest on and are adjustable horizontally on the lift rack.

PONTOON MOTOR STOP

Assists in centering your pontoon fore and aft.

PONTOON LIFTS

DESIGNED SPECIFICALLY FOR A PONTOON.

CENTER TOON
IS AVAILABLE.

CLASSIC DESIGN. BUILT TO LAST. EASY TO OWN.

Our engineers took special consideration when designing the ShoreMaster pontoon lift to ensure stability and durability for your larger watercrafts.

An all-aluminum welded frame along with stainless cables and brass sheaves provides a stable base that you can be confident will always protect your pontoon. Our full-length pontoon racks are adjustable to fit your specific boat and help to evenly distribute the weight of the boat across the lift. Available in two weight capacities – 4,000 lbs and 7,000 lbs – our pontoon lifts take the work out of raising and lowering your boat with our time-tested winches.

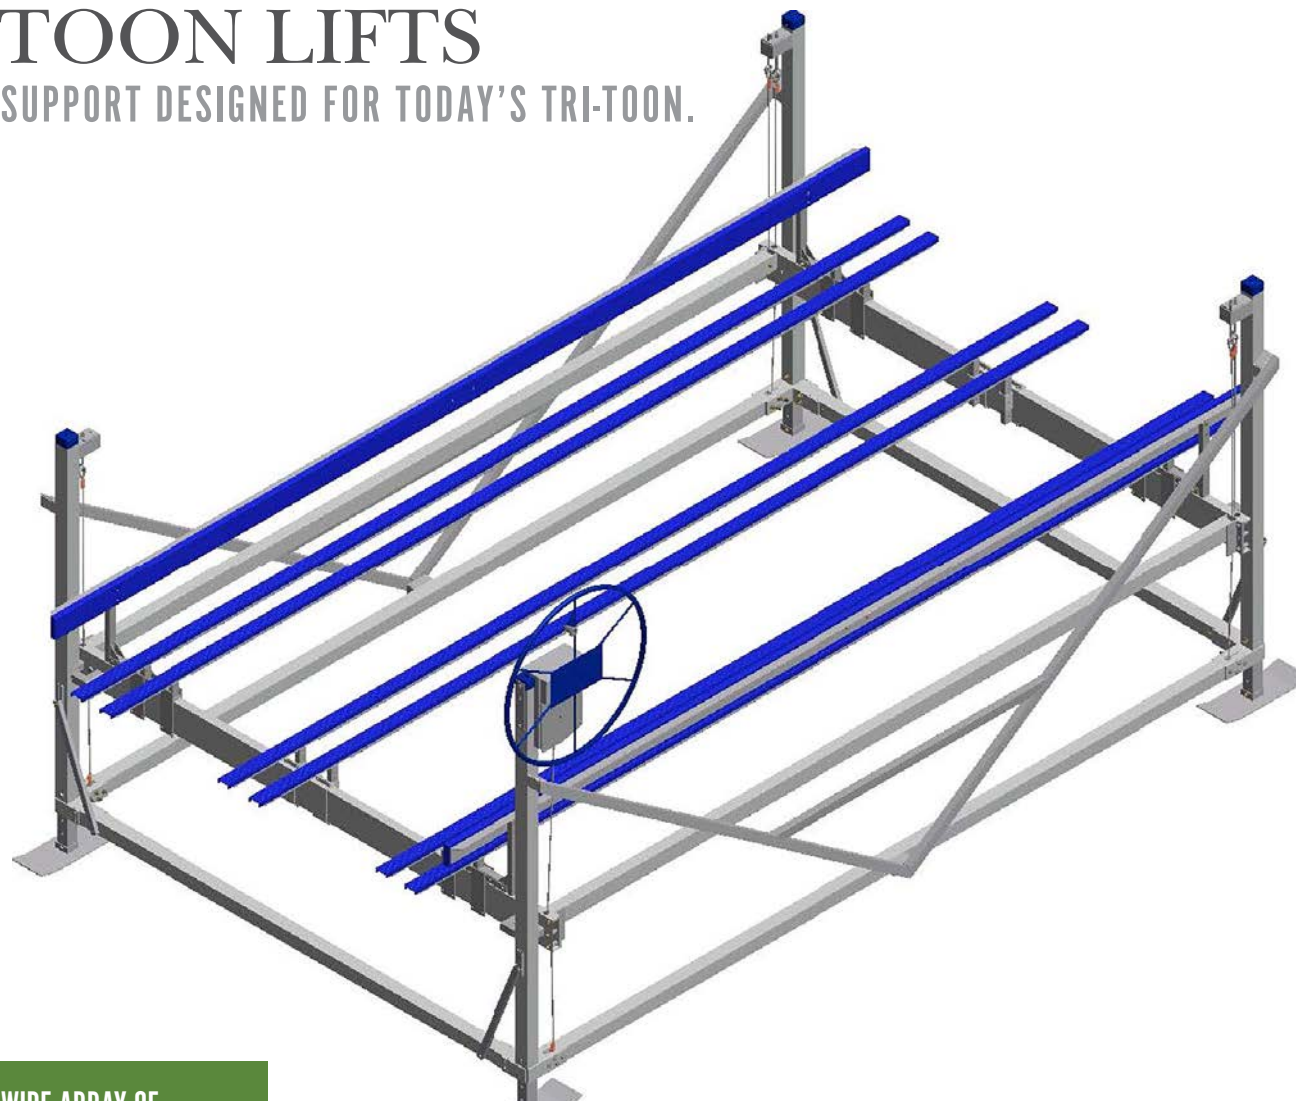

NEW FEATURES

Designed specifically for a pontoon, this lift includes a longer and wider frame for greater stability. The full length bunks and guides provide more support while the double V-Sides allow easy access!

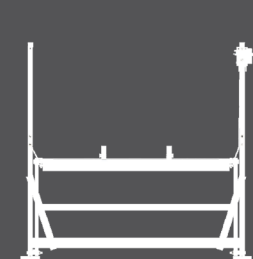

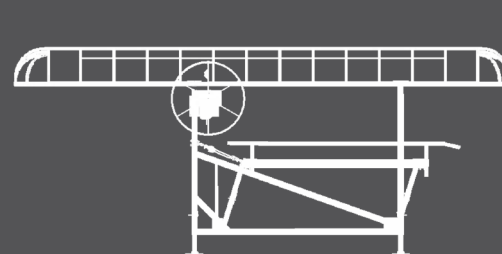

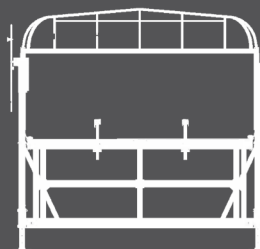

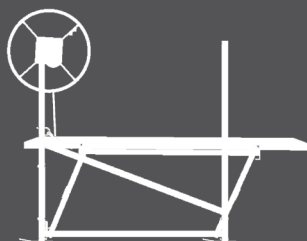

TRI-TOON LIFTS

POWERFUL. TOUGH. BUILT TO LAST.

ShoreMaster's Heavy Duty vertical lift is designed to work in shallow, deep or fluctuating water conditions. ShoreMaster's all aluminum welded construction provides a lightweight, maintenance free lift for greater strength and durability.

The double V-Side design allows for easy access to both sides of your boat. These lifts provide safe, secure mooring with virtually maintenance free operation.

CANOPIES & POWER UNITS

You look forward to spending time on the water with friends and family more than anything else. You want products that make it easier for you to get out on the water. Boat lift canopies and boat lift power units from ShoreMaster allow you the simple convenience of protection from the elements, while providing fast and easy boat lift operation. When it's easier for you to use and store your boat, you'll find yourself spending more time enjoying it with friends and family.

Get more time on the water with your family and a lot less stress when you choose the convenience and quality of a ShoreMaster canopy or boat lift power unit.

CANOPY COVERS

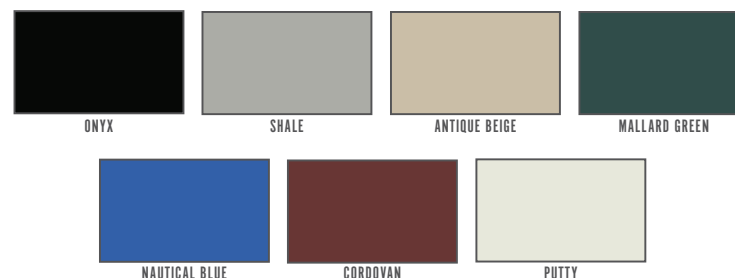

CHOOSE YOUR SIZE, STYLE, AND COLOR

HARBORTIME

LONG LIFE | LIGHT WEIGHT | PROTECTION | EASY INSTALLATION

Our premium fabric option, HarborTime, offers a lighter weight cover option, weighing 11 oz. per square foot. HarborTime is highly water repellent and resistant to both mildew and ultraviolet light making it ideal for a boat lift canopy cover. As an acrylic-coated polyester fabric cover, HarborTime offers premium visual appeal, exceptional abrasion resistance and superior strength making it perfectly suited for the harsh marine environment. The fabric is stabilized to ensure a continuous fit season after season, while the acrylic coating retains a beautiful soft cloth appearance and insures a long cover life.

HARBORTIME OPTIONS

WEATHERMAX®

LIGHT WEIGHT | PROTECTION | COLOR RETENTION | EASY INSTALLATION

ShoreMaster's WeatherMax® fabric canopy covers offer superior protection from the elements for your boat. You'll enjoy WeatherMax's ease-of-use when it comes to installation, removal or storage of the cover because WeatherMax is incredibly lightweight and easy to handle.

WEATHERMAX® OPTIONS

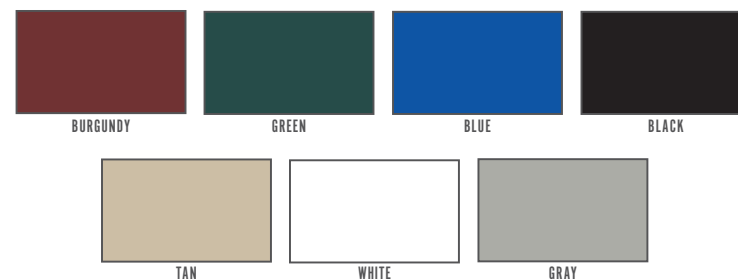

13oz VINYL

DURABLE | LIGHT WEIGHT | PROTECTION | EASY INSTALLATION

13oz vinyl canopy covers provide excellent tear, UV, mold and mildew resistance. Plus, at 13oz our covers are lighter than the industry standard, providing easier installation and removal without sacrificing the durability or moisture and UV protection that you expect from a premium canopy cover.

13oz VINYL OPTIONS

COLOR SWATCHES ARE PRINTED REPRESENTATIONS ONLY AND SHOULD NOT BE USED FOR COLOR MATCHING. VISIT US FOR ACTUAL COLOR SAMPLES!

TRADITIONAL CANOPY

YOUR BOAT. YOUR INVESTMENT. PROTECT IT.

TRADITIONAL CANOPY

DURABLE | DEEP FRAME | SUPERIOR COVERAGE

A traditional canopy from ShoreMaster will keep your boat clean, dry and ready for adventure while helping to maintain its value year after year.

ShoreMaster's traditional canopy provides strength and features hand welding to reduce maintenance.

A deep, rounded design with a shallow pitch allows you to tuck your boat completely into the frame for superior protection from sun and wind driven rain.

ShoreMaster's vented ends provide breathability to inhibit the buildup of mold and mildew.

HIP ROOF CANOPY

YOUR BOAT. YOUR INVESTMENT. PROTECT IT.

HIP ROOF CANOPY

CLEAN LINES | ATTRACTIVE STYLE
SHALLOW PITCH

ShoreMaster's hip roof canopy frame is designed to provide superior protection for your boat with clean, modern lines.

The pitch of ShoreMaster's hip roof canopy helps to shed rain and moisture while its welded construction makes it incredibly durable and easy to maintain.

The hip roof canopy features a lower profile than traditional canopy frames, offering premium protection without sacrificing lakefront aesthetics.

MASTER

BOAT LIFT

- Understand all instructions and warnings prior to use
- Only for use by adults over age 18
- Wait for the motor to come to a complete stop before changing directions
- When lowering the lift, go down just far enough so the boat will come off of the lift
- Do not use remote more than 15 feet from the lift
- Never attempt to use the key switch and the remote control at the same time
- Do not overload the capacity of the lift or drive system
- In case of emergency unplug unit from power source to disable the system
- Misuse of this product can result in property damage, bodily injury or death

CAUTION: This unit must be connected to a properly wired Ground Fault protected circuit. It is unsafe to try, test or use Boat Lift Boss without Ground Fault protection. All Boat Lift Boss electrical wiring must be installed to local and National Electrical Code using a licensed Electrical Contractor. Improper wiring can cause injury or death.

BOAT LIFT POWER UNIT

EASY INSTALLATION. EASIER OPERATION.

LIFT MATE™

EASY INSTALLATION | SIMPLE TO USE | UNIVERSAL DESIGN

You want a boat lift power unit that is easy to install, easy to operate, and won't let you down when it's time to take your boat for a cruise or when you return from time spent on the water. The Lift Mate™ provides you with all of that with a universal design that is perfect for new or existing boat lifts.

Available in 110V and 12V models that feature easy-to-use toggle switch operation. Mounting hardware is included to fit boat lifts up to 5,000 lbs.

AVAILABLE OPTIONS:

- 110V or 12V

benefits

EASY INSTALLATION

Installs quickly and easily with simple hand tools for a quick boat lift upgrade.

SIMPLE TO USE

Simply push the toggle switch to effortlessly raise or lower your boat lift.

POWER OPTIONS

12V or 110V options to fit your waterfront property's power availability.

20-MINUTE INSTALLATION

Included in the Lift Boss™ boat lift power unit is the mounting kit for your ShoreMaster Whisper Winch™.

EASY OPERATION

All models include easy key-turn operation. For additional ease-of-use choose the wireless remote operation.

POWER OPTIONS

12/24V or 110V to fit your waterfront property's power availability.

LIFT BOSS™

DEPENDABLE | QUIET OPERATION | EASY TO INSTALL

Add enjoyment to your time spent on the water with ShoreMaster's Lift Boss™ boat lift power unit. The Lift Boss™ is the quickest and easiest way to upgrade your ShoreMaster boat lift to add the convenience of motorized boat lift operation. The Lift Boss is incredibly easy to install, easy to use and it's designed to perform flawlessly season after season.

SHOREMASTER WARRANTY

Top Notch Protection.

ShoreMaster, LLC warrants all ShoreMaster brand aluminum docks and lifts purchased new by the original owner to be free from defects for a period of 15 years and an eight-year warranty applies to the PolyDock. A five-year prorated warranty applies to canopy covers and a ten-year warranty applies to polyethylene floats. A two-year warranty covers the remaining components of these products (excluding components and options which carry their own manufacturer's warranty, wherein that warranty will apply).

ShoreMaster will, at its option, repair or replace, without charge, or allow credit for any such goods found on examination by ShoreMaster to be defective under normal use and service, provided ShoreMaster is promptly notified in writing upon discovery of such defects. The buyer's remedies with respect to defective goods shall be exclusively limited as above provided and in no event shall ShoreMaster or Hammond Lumber Company be liable for incidental or consequential damages of any nature. All repair work must be done by a registered ShoreMaster dealer.

This warranty does not cover damage caused by improper use, installation, overloading, accident, neglect or harmful alterations or repairs made by others, damage by snow or ice, electrolysis, severe weather conditions and Acts of God.

An aerial photograph of a large, modular wooden dock system floating on a body of water. The dock is constructed from light-colored wooden planks and metal framing. A red jet ski is moored at one end, and the bow of a boat with a red and white canopy is visible on the left. The water is dark, and a sandy shoreline is visible in the upper left corner.

WHY HAMMOND LUMBER COMPANY?

LARGE INVENTORY

Hammond is the largest stocking distributor of ShoreMaster products in the United States. Some competitors' systems take 4-6 weeks to manufacture and deliver. Most ShoreMaster items are in stock at all of Hammond's 21 convenient locations.

FAST DELIVERY

Hammond offers delivery anywhere in Maine usually within 24 hours. Delivery anywhere in the eastern United States and Canada can also be arranged.

VALUE

Hammond purchases full truckloads of product which enables them to pass on these savings to its customers. A ShoreMaster system is a sensible, long term solution to waterfront equipment.

MAINTENANCE FREE

Aluminum components provide a maintenance free, long lasting waterfront system. ShoreMaster dock frames, dock legs and ladders are made of high quality aluminum — not galvanized steel like some competitors.

INSTALLATION

Hammond has a large network of installers available who install and remove ShoreMaster waterfront systems. We will assist you in finding someone who will best fit your individual needs and requirements.

WARRANTY

ShoreMaster backs their residential waterfront products with a 15-year warranty on the aluminum structure and welds. A two-year warranty covers the remaining components of these products.

ADAPTABILITY

ShoreMaster's "Infinity Track System™" allows for configuration flexibility and future expansion. Configuration changes and additions are easily accommodated by a unique ShoreMaster design.

BRAND NAME

ShoreMaster is a nationally recognized company. ShoreMaster products carry a re-sale value much better than competitor products.

QUICK ASSEMBLY

Lightweight frames make for an easy do-it-yourself RV deck system.

TRADE RV'S? NO PROBLEM

ShoreMaster Deck system can be reconfigured to fit your new RV.

MAINTENANCE FREE

Aluminum and plastic decking options won't rot, warp, twist or decay like regular wood. Cleans easily and no staining needed.

ACCESSORIES GALORE

InfinityTrack™ accessories quickly attach to the side of frames anywhere along the RV deck so you can add your own personal touch.

SUPERIOR DECK STABILITY

5-Sided Dock Legs™ provide three points of contact for deck stability and safety. So no matter how many friends stop by, your RV deck will always be a place of enjoyment for everyone.

EASILY CUSTOMIZE YOUR DECK

10 decking options and endless deck configuration options allow you to create a great looking RV deck, and effortlessly change it up as your campsite needs change.

WHAT IF I SELL MY RV LATER?

No problem! Because it can be reconfigured it can be re-sold and re-installed at another site; or you can re-sell your RV deck as a waterfront system.

Why Should You Own a HYDROHOIST BOAT LIFT?

Simply put, it's the best and most engineered boat lift in the industry — with the highest resale value.

LOW MAINTENANCE

- Keeps hull clean
- Prevents marine growth from accumulating on outdrives
- Hull can easily be sprayed off and wiped down when on lift
- Keeps your boat looking new for years to come

PROTECT YOUR INVESTMENT

- Prevents boat from hitting dock during heavy wake or inclement weather
- Controls water osmosis in hull of boat
- Protects boat and outdrives from electrolysis

READY TO GO

- Immediate access to the water
- Far superior to trailering or dry stack storage

- Easily adjustable 5"x2" rollers to accommodate all models of watercraft
- Ultra-tough polyethylene plastic with (EPS marine foam) — for increased strength and leak elimination*
- Front or side-mount capability for fixed or floating docks
- Up to 2,000 lb. capacity

*Available on certain models

BOATING MADE EASY!

HarborHoist™

BY HYDROHOIST® BOAT LIFTS

LEVEL LIFTING

FREE FLOATING

QUICK OPERATION

HARBORHOIST™ VERSATILITY

HarborHoist™ has a level lifting frame constructed of high strength grade aluminum. The most versatile boat lift in the HydroHoist family, perfect for fresh or salt water.

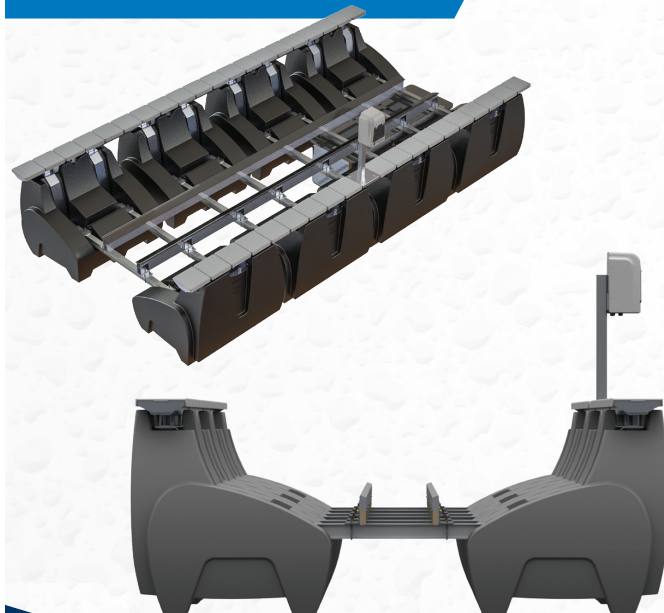

HarborHoist is compatible with fixed or floating docks, and works in a U-shaped slip, double wide slip, L-shaped Finger Pier dock, and square dock. The hull supports can be configured for nearly all boat styles, including inboard, wake, pontoon, and tritoon boats.

The unit can simply be tied to the dock or use a conventional mooring system.

HarborHoist comes standard with a push button control unit. Walkways are mounted to the top of the tanks that run the full length of the lift for easy access to your boat in both the up or down position.

STANDARD FEATURES

- Most versatile, free floating lift
- Rugged, marine grade polyethylene tanks
- Continuous walkways the full length of the lift for safety and easy access
- Aluminum structure extends the life of the product
- Push button control mounted directly on the lift
- Level lifting operation
- Quick lift and launch operation
- Adjustable hull pads
- Easy loading and unloading of passengers
- Simple assembly and installation

STRUCTURAL SPECIFICATIONS

Capacity	No. of Floats	Overall Length	Min. Width	Beam of Boat	Min. Water Depth. + Draft
5,500 Lbs 2494 kg	6	16' 10" 5.13m	11' 3.35m	Up to 9'6" 2.74m	24" 0.609m
7,500 Lbs 3401 kg	8	22' 6" 6.85m	11' 3.35m	Up to 9'6" 2.74m	24" 0.609m
9,500 Lbs 4309 kg	10	28' 6" 8.63m	11' 3.35m	Up to 9'6" 2.74m	24" 0.609m

Overall Width for all models: 34" + Beam/0.863m Volts/Amps for all models: 110V/15A
Aluminum pads standard on all capacities; wood hull pads for pontoon and tritoon only.

POLYDOCK ANCHORING

SIMPLE. QUICK. DURABLE.

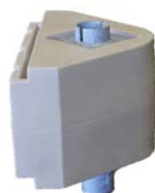

PIPE AUGERS:

Allows anchorage pipe to be augered into the lake, river, or ocean bottom. Fits 2" L.D. pipe. Pipe sold separately.

LARGE PIPE BRACKET:

Holds dock system and ShorePorts in place when used with 2" schedule 40 galvanized pipe (sold separately). Allows the system to remain in place while adjusting for water fluctuation.

HEAVY DUTY PIPE BRACKET WITH CHAIN GUIDE

Allows anchorage of the dock in deep water or impenetrable lake bottoms.

SMALL PIPE BRACKET

A light duty pipe bracket perfect for small dock layouts in calm waters such as farm ponds.

SHOREPORT REAR PIPE BRACKET

Attaches to the rear of the ShorePort to provide additional stability to single or multiple ShorePort installations.

STAND OFF BRACKET (PAIR)

Provides additional support for connecting PolyDock or ShorePort offset from standing docks.

PILE HOOPS

Available in 8", 10", and 12" sizes to fit a wide range of piling installations. Includes roller system for smooth operation.

HEAVY DUTY STIFF ARM

Anchor your dock or ShorePort to a seawall, deck, post or other abutment on shore. Galvanized pipe sold separately.

LIGHT DUTY STIFF ARM

Anchor your dock or ShorePort to a seawall, deck, post or other abutment on shore. Perfect for light duty, calm water installations. Galvanized pipe sold separately.

CHAIN ANCHOR PLATE

Allows you to anchor your dock system with chains affixed to deadweights. Perfect for deep and super firm waterfront locations. Connects with 6" Accessory Connector, sold separately.

FLEXI-HINGE (PAIR)

Flexible attachment for connecting ShorePort to traditional wood or metal floating docks. For perpendicular, or front mount only.

FLEXI-HINGE PARALLEL MOUNT

Used for attaching a ShorePort alongside a traditional wood or metal floating dock. For parallel mount only.

PolyDock and ShorePort anchorage and attachment options are designed to be simple, quick and durable, and fit a wide range of waterfront applications from shallow ponds to deep reservoirs and nearly everything in between. Whether you have deep mud, or firm sand, our wide range of anchorage options can accommodate your existing piling, or a brand new PolyDock installation.
